

KBRO

*Partner. Preserve. Prosper.*

For thousands of years, leather has been one of the best companions of human; in ancient times, leather was our ancestor's clothing, which kept them warm in the winter. It was also the witness of the history, where people wrote down poetry, songs and stories on leather sheets. Now a days, leather is used almost everywhere, from clothing and fashion, to different types of furniture and leather products, leather plays an important role in our lives.

In 1946, Haji. I. Ibrahim Khan started a small business of raw hides at Dindigul a place situated in South India, selling hides to tanners of Madras. In 1950, He established a Tannery at Dindigul for production of Vegetable Tanned Crust Leather. In 1970, His son Mr. Nazir Ahamed Khan and Mr. Khaleel Ahamed Khan started the Sales office in Periamet,

Madras. They start selling to Leather exporter of Madras. Later Haji.I.Ibrahim Khan elected as Vice President of Dindigul Tanners Association. He was the Founder of this association consisting members of 100 Tanneries.

In 1990, His Grandson Mr. Zakir Ahamed Khan started export house in Chennai (Madras) and he successfully exported to Italy, German and other European countries. In 2005 Mr. Javed Ahamed Khan Joined with his Master of Business Administration in First class. In 2007, third generation started Sales office in China to maintain the supply chain for the Chinese Shoe factories. In 2012 we leased a tannery in Dhaka Bangladesh for the Quality supply of Cow leather. Now the Company is run by Late Haji.I.Ibrahim Khan's two Grandsons Mr. Zakir Ahmed Khan and Mr. Javed Ahamed Khan.

Capitalising our rich traditional expertise we are exporting leather to various countries.

We have tanneries in

- Dindigul, India (Raw to Semi finished - Goat)
- Pallavaram, Madras, India (Semi finished to Full Finished – Sheep & Goat)
- Dhaka, Bangladesh (Raw to Crust & Full Finished - Cow)

A well-developed infrastructure is the back bone of our company. We have substantially invested in manufacturing facilities and technology for the curing, soaking, de-hairing, tanning, splitting, sorting, dyeing, drying, and finishing of the leather. In addition, we periodically inspect the machinery and review

technology so that there is no interruption in conducting the operations. We also recognize social & environment responsibility towards society and assure to follow high standards of pollution control procedures.

With our rich traditional expertise, we are capable of producing quality full finished and semi-finished leather in large quantities. We develop all your requirement of leather from raw hides of cow, buff, goat & sheep. So the range of leather & its quality are always as per customers' instruction. And we do Continuous monitoring of the process.
